## Defense Aviation Space Research Cohort

## OUR VISION

DASRC aspires to be the one stop shop for Indian companies in defense, aviation and aerospace sector to export their technologies and capabilities. It shall also be the link and bridge between foreign companies in the sector looking for Indian partners and entry into the sector in south asia.

## OUR GOAL

To spearhead innovation initiatives and elevate technological capabilities, ensuring military supremacy and effectively confronting evolving security challenges.

## Our Mission

To safeguard the nation's security and defend its interests by maintaining a highly trained, disciplined, and responsive military force. Our mission is to deter aggression, protect citizens, allies, and partners, and preserve peace through decisive and effective action across all domains – land, sea, air, space, and cyberspace.

We are committed to upholding the principles of national sovereignty, promoting stability and security regionally and globally, and supporting humanitarian efforts in times of crisis. Through innovation, collaboration, and unwavering dedication, we strive to adapt to evolving threats, maintain readiness, and uphold the highest standards of professionalism and integrity in service to our nation.
